DETAILED ACTION

The receipt is acknowledged of preliminary amendment, filed 07/01/2002.

Claims 1, 5, and 7 have been canceled and claims 10-16 have been added per applicants' preliminary amendment.

Claims 2-4, 6, 8-16 are pending.

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 2-4, 6, 8-10, 12-16, drawn to a process for preparing polyurethane matrix, wound dressing comprising the polyurethane matrix, and method of its use.

Group II, claim(s) 11, drawn to a process for preparing polyurethane matrix.

2. The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: the process of Group I requires mixture of polar and nonpolar solvent, and consequently this will require specific activating reagent such as CDT and CDI that decompose in water, while the process of Group II require the use of water as a solvent, and consequently CDT and

CDI cannot be used, and only TCDI is used as an activating reagent. Thus, each Group has specific requirement and specific technical features that distinct them from one another.

3. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
